FURNITURE

Inspired by the elements of high-altitude towers in the sci-fi movie “Oblivion”.

The Gea executive desks boast a striking three-dimensional design that blends seamlessly with cutting-edge technology features like the high-tech fingerprint lock and the sleek Eubiq power track system. What truly sets these desks apart is their intelligent height-adjustment capability, epitomizing the product's modern technological sophistication and its commitment to promoting a healthier office environment.

FURNITURE

The SUY Executive Desk epitomizes a disciplined and pragmatic business aesthetic with its clean, elegant design.

Beautiful geometric lines define its angular form, revealing a subtle sophistication beneath its unassuming exterior. The discreet lower panel adds an element of privacy, enabling uninterrupted work in a distraction-free environment. To further enhance functionality, the desk comes equipped with an internal wiring system, ensuring a clutter-free desktop.
