dru
chairs

TECHNICAL DATA SHEET
hassman
FURNITURE

Dru is a tribute to Euler's polyhedron theorem, with its entire structure consisting of extended lines and planes formed by triangles.

It accentuates the sharp angles and diverse angles formed by its seat surface, evoking the artistry of paper folding in its geometric form.

Its minimalist expression underscores its design precision. While its beveled edges may appear firm, its comfort is grounded in ergonomic principles. With its simple yet versatile shape, it suits a variety of occasions.

moi
chair

TECHNICAL DATA SHEET
hassman
FURNITURE

Moi collection is created with contemporary design language through an almost childlike, whimsical perspective.

The smooth curves of layering upholstery provide a friendly and familiar vibe, reminiscent of a soft thick blanket. The metal hardware secures the fabric like a button, adding an added layer of delicacy and fun to the design. The embracing gesture of the chairs enrich the surrounding space with more warmth and personality.

FURNITURE

The combination of vertical lines and banners on the side and backrest exudes an allure of ancient charm with a modern twist.

Its metal tube frame, inspired by traditional Japanese and Scandinavian woodworking techniques, supports the textile material, allowing for perfect color coordination with various interior styles. The Roi chair collection represents a new design style that has emerged from this process.

zibá
chairs

TECHNICAL DATA SHEET

hassman
FURNITURE

Zibá is an essential item for a beach vacation, carrying a symbolic meaning that instantly brings to mind the feeling of the blue sea.

To replicate this sense of ease, we've extended the beach chair concept to indoor spaces. The backrest creates the impression of casual placement, and the use of original colored metal frames adopts a design that prevents corrosion from seawater. Our design goal is to create simple and relaxing products.
