### Bon chair is born from playing with pieces of paper like an origami.

The shape emerges from a delicate process, akin to weaving a paper ribbon upon itself through a single, graceful motion. This results in a rounded form with a subtle opening at the seat's center, achieved through numerous iterations and refinements.

Bon is a polypropylene shell with a strong personality conveyed by simple distinctive signs.

# solé

chairs

TECHNICAL DATA SHEET  
**hassman**  
FURNITURE

**Solé begins with a single, simple line that gracefully extends and ultimately defines the entire piece.**

The Solé lounge chair is a versatile piece suitable for use as a breakout chair or training chair. Its stackable and easy-to-store design makes it perfect for communal bars and dining spaces, while maintaining the same elegant lines as other models in the series. Additionally, the Solé table and bar table offer versatility in meeting and dining spaces.
